Cultural Activities Report 2020-21

The value of social and cultural activities is to embrace the students for the real world and develop their personal skills. This year, the academic session was also affected by the Pandemic, due to which, the classes as well as the co-curricular activities were confined to virtual mode only. Whatever be the limitations, IPS Academy, IBMR, strived to meet its objective of providing wholesome development to the students. The major celebrations like Independence Day, Teacher's Day, Dussehra and Diwali Celebration, Republic Day were streamed live for the students. In the monotonous life cycle of a student, which mainly includes eating, sleeping, lectures, and repeating, 'College Fests' bring certain degree of variation in the excitement levels of students. This year, we conducted a completely online/ virtual annual fest "e-Blossoms and Flames 2021" for the students. Being an e-Fest, the number of activities were somewhat limited, but still the enthusiasm of the students was still unmatched. The activities for this year included:

Cultural Activities Report 2018-19

Cultural consciousness and participation play a fundamental role in a student's academic life. The cultural events at IPS Academy, IBMR are conducted with the intent of giving all the students the opportunity to be involved in culturally enriching activities and to inflate our students' appreciation of cultural activities. A variety of events Independence Day, Janamashtmi celebration, Ganesh Utsav, Freshers Party, Teacher's Day, Gandhi Jayanti, Navratri Celebration, Dushhera Celebration, Blood Donation Camp, Blossoms & Flames, Kite Festival (Makar Sakranti), Basant Panchami, Republic Day, Holi Celebration, Women's Day Celebration and Farewell Party are celebrated every year to promote the same. College festivals prepare the ground for students to shed their individual selves and take up responsibilities as team players. Blossoms and Flames; the annual fest of IPS Academy, IBMR; seeks to create a platform that provides the students with an opportunity to display creative talents in a variety of ways such as:

1. Click: Photography helps you capture anything you feel is important to remember. One photograph is powerful enough to not only remind you of an event or detail, but can bring you right back to the feelings, sounds, and even smells of the moment.
2. Dangal: A real stunt based activity which focuses on the physical and mental strength development of the students.
3. Fitoor: As part of Indian festivities, a colourful and traditional art makes its way with aplomb and enthusiasm. Collage, or the assemblage of different materials, is one of the foundation art activities for students. Mehendi is an ancient body art form that can be designed by the paste of natural henna herbs. Mehendi is used in every second auspicious event.
4. Moh Maaya Money: We live in a world where sound financial knowledge is very important for financial well-being, and lack of financial knowledge is no longer acceptable.
5. 2.0 Lan Gaming: The use of computer based games in educational contexts encourages active, critical, autonomous and participated learning processes, engaging students in active forms of acquiring knowledge and skills.
6. Tamasha: Nukkad Natak or Street Play is the most convincing way to convey some important messages on social issues or relevant themes to the society at large.
7. Badmash Company: Advertising without creativity is like a Hindi film without any song or a Peacock without feather.
8. Rhythm: The ability to have fun-rather, to extract fun out of an unfunny situation, boring situation like a train journey, a traffic jam, or in a group, you could play Antakshari.
9. Chini Kam: Fireless cooking not only teaches cooking to children but also teaches some valuable skills of life. This encourages children's creativity, thinking and problem solving

skills. With this children improve their knowledge of basic skills like measuring, counting and following the instructions

10. Secret Superstar: Singing likely makes people more competent in their own language, including an improvement in reading skills.
11. Batti Gul Meter Chalu: Besides the obvious academic benefits of expanding a student's knowledge and exploring new skills at an early age, quizzes redefine the education system in significant ways
12. ABCD: It is without question that throughout history in almost all cultures dancing is inseparable from religion and culture, from agency and identity, from tradition and change.
