Seminars & Workshops: Industry Academia Innovation Practices 2016-17

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
1	Mr. Vishal Shah- BDM, EMIS, Mumbai (27-08-2016)	Workshop on "Asset Allocation"	Asset allocation seeks to manage investment risk by diversifying a portfolio among the major asset classes, such as stocks, bonds, and cash alternatives. Each asset class has a different level of risk and potential return. The speaker suggested the students that Diversification can help manage investment risk. Whichever asset allocation scenario you decide on, it's important to remember that there is no one strategy that fits every type of investor. Your specific situation calls for a specific approach with which you are comfortable and one that could help you pursue your investment goals.
2	Mr. Fred Walti- CEO, LACI (21-10-2016)	Seminar on "Clean Technology"	The adoption of more and more new technologies and business models, energy systems and other infrastructure will enable more consumer empowerment, resulting in 5 Ds: democratization, decarbonisation, deregulation, decentralization, and digitization. Such a technology trend will provide real chance for developing countries to leapfrog the development pathways that were taken by developed countries in the past
3	Dr Marko Saravanja, Chairman- Regenesys Business School	Seminar on "Data Science and Big Data Analytics"	The seminar started with definition and challenges in BIG DATA followed by the skillset required to solve these challenges, the job opportunities and the skill set that will be required for the next decade? The discussion also included areas and application solutions based on AI, Machine Learning, Deep Learning, Predictive Analytics, Cyber Security, IBM Watson and Cognitive Computing.
4	Mr. Lakhpat Singh- EBSCO Learning (16-12-2016)	Workshop on "Capacity Building for Harnessing of E-Resources"	The Prime objectives of the workshop were: To develop a skill for Information Literacy. To develop Online databases searching skills. To motivate for maximum utilizations of Intellectual Resources. To provide the Legal research skills. To develop a Capacity Building for harnessing the E-Resources. To enhance and support the research

			activities and skills
5	Mr. Aashish Goyal & Mr. Navi Ramawat-National Stock Exchange (22-12-2016)	Seminar on "Stock Market Awareness"	This seminar was designed to give the students an idea of how stock markets function. The speakers discussed about how truths in the stock market and in life are often related. The objective of the seminar was to give the students a glimpse of the real world and how the stock market can be an alternative source of income.
6	Dr. Ganesh Kawadia-Former Director School of Economics, DAVV (27-02-2017)	Seminar on "Union Budget-2017"	During the seminar Dr. Ganesh Kawadia discussed about the new provisions of the finance bill. He spoke on the new provisions of the taxation and salient features of Budget. He said that the intention of the government is to facilitate honest tax payer. He also appealed to encourage people for paying taxes honestly. He said that the government is becoming very strict on tax evasion and tax defaulters may face huge difficulties in nearby future.
7	Mr. Jaykant Pandey- Indore Management Association (08-03-2017)	Seminar on "Importance of Team building in Management"	Since the ability to function effectively and maximize performance is crucial for any winning team, it is important for teams to align themselves, focus on how to truly develop as a team, and be positioned for long-term success. By increasing the level of conscious awareness of how a team develops, high performance and success is guaranteed from the very beginning.
8	Mr. N. Mohan-Board Member-IMA (24-03-2017)	Seminar on "Intellectual Property Rights"	This session was organized as a part of Ethics and Values of IPR. The speaker spoke on the said topic for increasing knowledge of students in the said area. The students received expert guidance on Intellectual Property Rights. They identified the core areas of IPR as a new start up.
9	Mr. Shadab Ghorl- Pakiza Retail, Indore (27-03-2017)	Seminar on "Entrepreneurship and Innovation"	The speaker addressed this issue by saying that the most successful organizations leverage these components in order to remain competitive and sustainable. Entrepreneurship takes many forms and manifests itself in start-up, large multi-national corporations, creative

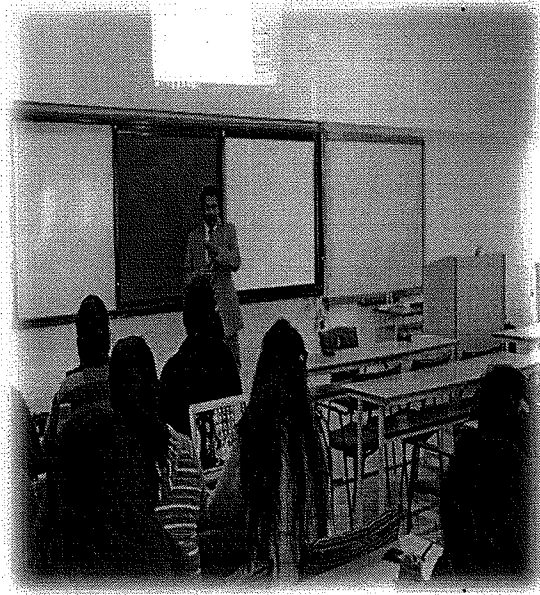

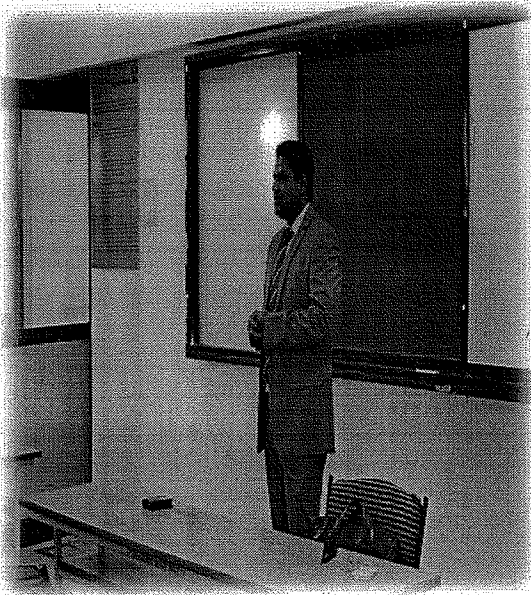

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
			social change organizations, and innovative public service organizations.
10	Mr. Ronit Garg-Entrepreneur & Alumni, IPS Academy, IBMR (30-03-2017)	Seminar on "Just a Few Seeds More: Value of Network Information for Diffusion"	Identifying the optimal set of individuals to first receive information ('seeds') in a social network is a widely-studied question in many settings, such as the diffusion of information, microfinance programs, and new technologies. Numerous studies have proposed various network-centrality based heuristics to choose seeds in a way that is likely to boost diffusion. Given these findings, practitioners interested in communicating a message to a large number of people may wish to compare the cost of network-based targeting to that of slightly expanding initial outreach.
11	Mr. Mayank Gupta, Promotional Head Gillette (22-04-2017)	Workshop on "Innovation strategies in Marketing"	The speaker suggested that Creativity is critical to solving complex challenges and leading organizational change. Students need to learn to build a culture that sparks inspiration and collaboration, develop their ability to think creatively, and ensure their next innovation project is set up for success.
12	Ms. Devina Chhibber, Area Manager- Aditya Birla Group (13-05-2017)	Ms. Devina Chhibber, Area Manager- Aditya Birla Group	The aim of this seminar was to bring the industry-academia in a common platform to discuss various technical and professional skills that industry expects from a management graduate. This also includes the following: <ul style="list-style-type: none"> * To discuss the thrust area for industry-academia collaboration * Proposal for industry-academia incubation center * Task specific training program * Development of entrepreneurship in management - graduates

Seminars & Workshops: Industry Academia Innovation Practices 2017-18

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
1	Mr. Sunil Gupta- Top Management Consultant (29-08-2017)	Seminar on "Rural Marketing"	In the Indian context, the word 'RURAL' is so much associated with agriculture and farmers that rural marketing tends to be seen as a marketing of inputs or outputs related to agriculture. The speaker expressed his views on various issues like Finance analysis in Rural Areas, SHG Bank Linkage, Rural Consumer Behaviour and Innovative Rural Distribution and Channel Management.
2	Mr. Ambar Arondekar- Corporate Trainer (21-09-2017)	Seminar on "Impact of Industry-Academia Interface on Development of Management Colleges"	The speaker was of the opinion that a productive interface between industry and academia, in the present times of knowledge economy, is a critical requirement. Industry-academia interface brings to meet the industry's needs and expectations and the academic aspirations. Interactions between universities, research institutions and private industry are discussed in a growing body of different issues and collaborations. Collaboration remains dependent upon and shaped by the organizational and management characteristics of partners engaged in cooperative activity. 1. To go broad across the digital marketing toolbox, and not deep on a specific tool 2. To provide guiding principles that are lasting, and not more specific tactical advice 3 . To arm participants with relevant planning tools that they could take and put into action
3	Dr. Upinder Dhar- Vice Chancellor, Shri Vaishnav Vidyapeeth (27-11-2017)	Seminar on "Excellence in Higher Education: Challenges & Remedies"	Education is one of the ways to upward social mobility. Good education is seen as a stepping stone to ensure not only one's livelihood and but also quality of life. However, education system in India currently represents a great paradox. For instance, technical and professional education is given an edge over general-higher education. And in today's understanding of the knowledge economy; the latter does not find a place. Higher education in India is undergoing a paradigm shift especially after India undertook structural adjustment programme as a part of the larger process of liberalization initiatives undertaken in the early part of the 1990s. The catch word

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
			has been excellence.
4	Dr. Vinay Goyal- IIM Raipur (13-01-2018)	Workshop on "Research Database"	The objective of this research workshop was to teach the students the basics of scientific research and a basic knowledge of the inner mechanics of in-memory databases. The seminar was focused on implementation concepts for columnar in-memory database systems on modern softwares.
5	Mr. Anurag Joshi- Leading Chartered Accountant (10/2/2018)	Seminar on "Union Budget- 2018"	Considering the importance of year 2018 budget IPS Academy, IBMR organized a Post Budget Seminar soon after the Union Budget 2018-19 in order to bring greater awareness about the new tax proposals and policy initiatives and to provide clarifications across the table to all stakeholders. Union Government in recent past has taken several landmark policy decisions. There are also significant changes in the global and domestic environment in terms of trade policy, bilateral and multilateral partnerships, technology disruptions which may have impact on Govt. policies.
6	Mr. Ashish Chansoria, V.P- Reliance Mutual Fund	Workshop on "Managing Credit and Debt"	The speaker said that maintaining a healthy credit score and controlling your debt has significant impacts on your financial health and well-being. Your net worth will significantly increase if you can manage your debt.
7	Mr. Aseem Shrivastav- Former MD & CEO- Kirloskar Pumps (14-03-2018)	"Seminar on Lean Human Resources"	In today's "Global Market", featuring vanishing borders and global competition, all industrial concerns should aim at new, higher Performance targets, in line with the "best of the class". As the ultimate secret to obtain high performance is "people", new ways of managing people and of organising and supervising them, as well as new ways of obtaining high levels of efficiency and effectiveness (performance) from people should be looked at. It comes down to what works best for the people within the team. Most organisations want their employees to

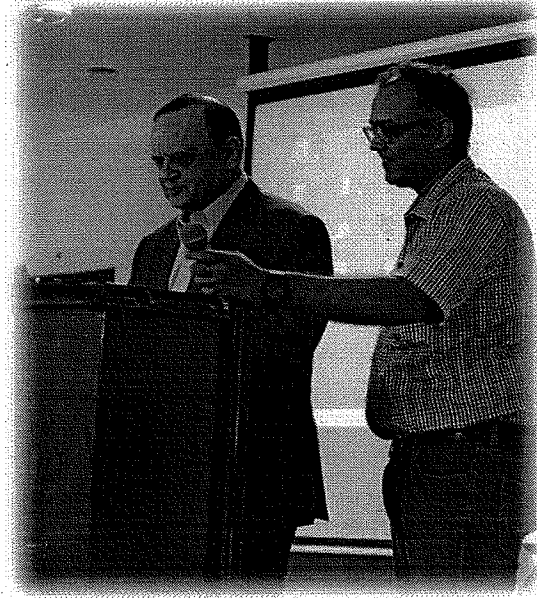

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
			be involved, but employee engagement can range from a simple suggestion system to self-directed work teams. The essential problem is how to structure the involvement process.
8	Mr. N Raghuraman- State Editor, Dainik Bhaskar (17-04-2018)	Seminar on "Back to Roots"	The management guru emphasized on the point that 'One must live in the present. Living in the present leads to the generation of good and worthy thoughts which further leads to the generation of good ideas which ultimately will help you in scoring better. 'An Idea' which forms the base of any business or new venture is struck by living in present, as one has no control over the past, and the unpredictable future it is thereby necessary to live in the present.'
9	Mr. Pushpendra Singh Jadaon- Founder, Key Elements (23-05-2018)	Workshop on "Digital Marketing Strategies""	The focus of the session was providing a strategic foundation for planning digital marketing. The approach for this session was: 1. To go broad across the digital marketing toolbox, and not deep on a specific tool. 2. To provide guiding principles that are lasting, and not more specific tactical advice.

Seminars & Workshops: Industry Academia Innovation Practices 2018-19

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
1	Mr. Deepak S. Mulchandani- Leading Chartered Accountant (30.09.2018)	Seminar on "Leadership & Team Building "	This session was conducted out of the college campus. The speaker told the students that whether you work in a small office setting or corporate powerhouse, being able to work well with your team is vital. Being able to openly communicate is essential for creating stronger work appropriate relationships among all the facets of your business: internal departments, clients, and management. Investing in team building seminar can help build trust, establish stronger connections between team members, and generate new, exciting ideas. Offering a team building seminar fosters stronger bonds of communication that can be used when brainstorming fresh ideas or working together in a crisis.
2	Mr. Atul Goyal- Managing Director, Evolution Studios, Indore (04.10.2018)	Seminar on "The importance of drama and performing arts in education"	In education, the significance of drama and performing arts is noteworthy. Whether children have the opportunity to perform in theatre productions or help out behind the scenes, studying Drama and Performing Arts not only engages with the creative side of the brain, it also provides an ideal balance in students' patterns of study. It's easy for children to become swamped in a sea of theory, which is why subjects that offer practical learning are essential.
3	Dr. Ajay Tamhane- Clinical Psychologist (13.11.2018)	Seminar on "Stress Management"	A seminar on stress management and concentration development was planned to overcome the stress and anxiety, While addressing the students Dr. Tamhane said that anxiety is a part of human nature, but it is important to know how to overcome it. Youngsters most of the time find it difficult to face the changes and to cope up with such variations. Hence, this leads to stress, anxiety and tension. He also spoke about the influence of mobile phones and internet.

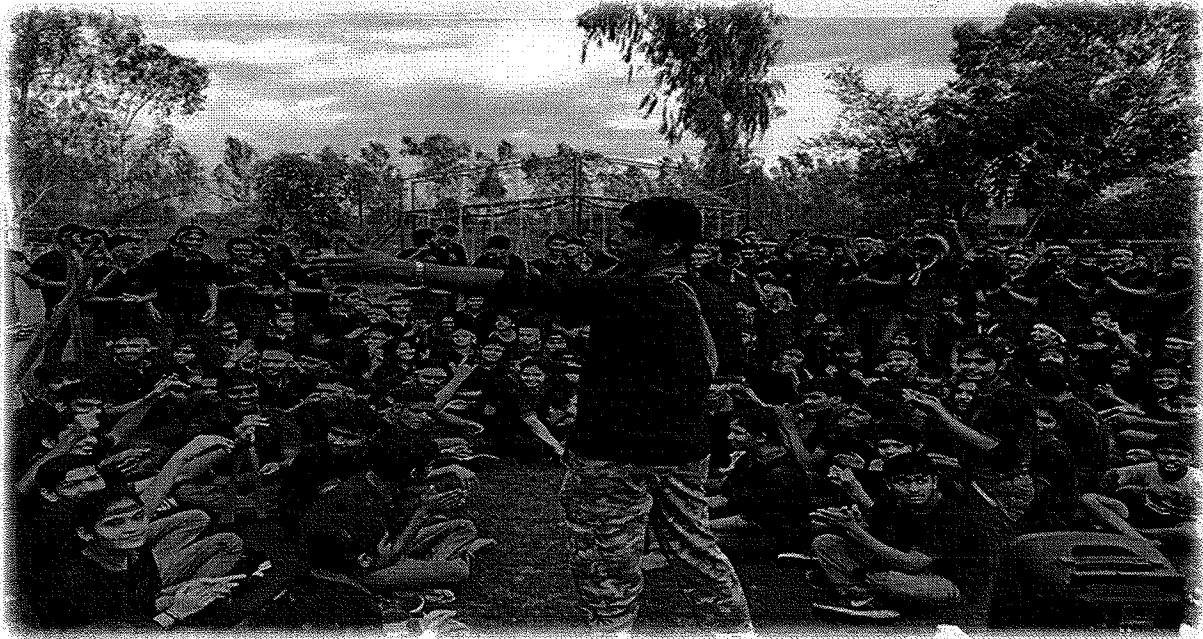

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
4	Dr. Bharat Kulkarni-Consultant, Stalwart Management Consultancy (03.04.2019)	Seminar on "International Economic Cooperation"	A worldwide consent has emerged over the past several years, on the requirement for a more socially-inclusive approach to generate economic growth. However, inclusive growth and development remain primarily an aspiration. No systemic framework has emerged to guide policy and practice. Together, the policy framework and benchmarking data are intended to provide countries with the practical tools needed to help turn the ambition of inclusive growth into a practical and measurable plan of action. At the same time, they yield several important conclusions for national policy and international economic cooperation.
5	Mumbai Dabbawala (26.04.2019)	Seminar on "Application of Six-Sigma by Mumbai Dabbawalas"	The well-known Dabbawalas was elucidated by the speaker, as how with a strength of 5000 men , mostly illiterate people, deliver and take back nearly 200,000 lunch boxes each day at Mumbai with an accuracy of less than one mistake in 6 million deliveries , which earned them the coveted 'six sigma 'certification and caught international attention. With zero attrition rate and highest customer satisfaction, Dabbawalas have become a live case study in many international B-schools.
6	Mr. Amit Kasliwal (01.05.2019)	Seminar on "Emerging Trends in Risk Management"	Global evolvement of risk and how its taking centre stage in companies to run their businesses was explained by the speaker. While Indian companies are also moving in that direction, they need to quicken their pace, especially when it comes to incorporating risk management into business strategy and growth.

Seminars & Workshops: Industry Academia Innovation Practices 2019-20

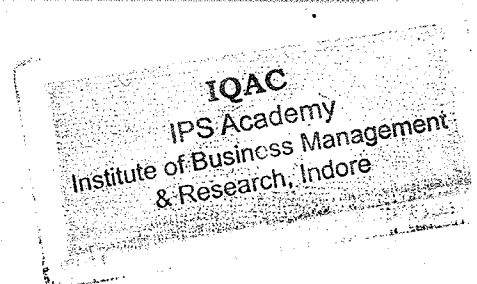

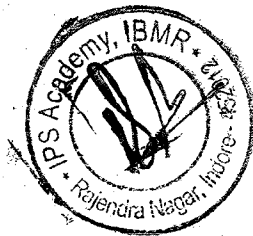

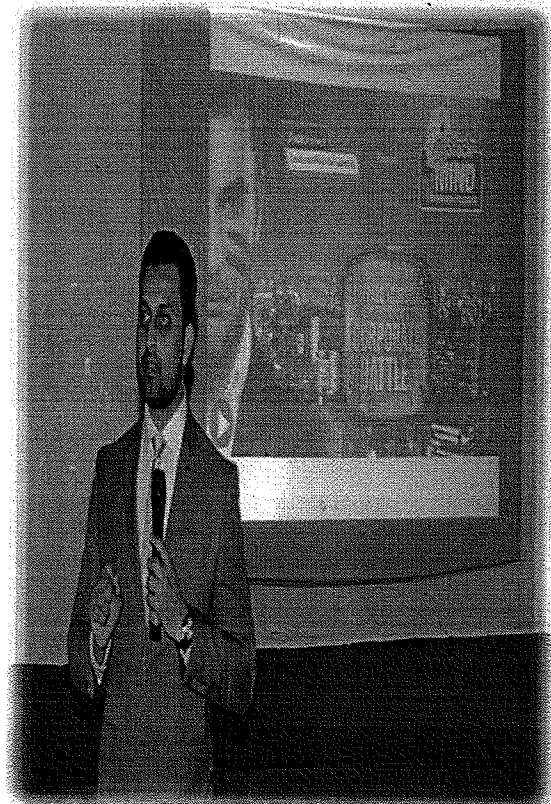

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
1	Mr. Nihal Khan, Stock Mind (17.07.2019)	Workshop on "Virtual Share Trading"	This seminar was to give the exposure and understanding of stock market operations to the students. The theme of the seminar covered importance of capital market, equity instruments, career in equity research, trading in equity market. Stock Mind 4, the virtual stock market games, was introduced to students for participation.
2	Mr. Ambar Arondekar- Corporate Trainer (16.10.2019)	Seminar on "Best practices in Strategic Planning"	This seminar focused on teaching students the best "real world" practices in coming up with an effective strategic plan that is fully aligned and integrated with the company's overall objective of value creation.
3	Dr. Sunita Didi Chandak (10.02.2020)	Seminar on "Social & Emotional Learning (SEL)"	Seminar on Social and Emotional Learning (SEL) is one of the hottest topics in global education today. Evidence shows that SEL can help young people acquire the skills to thrive in the fourth industrial revolution and shape new jobs and career pathways. SEL skills can also help communities and populations grapple with complex change and advance the Sustainable Development Goals.
4	Mr. Prashant Khadode, Manager- HDFC Bank (02.03.2020)	Seminar on "Rethinking risk management for financial services"	Financial Services companies face a tough, constantly evolving regulatory landscape. Adding to the challenges, the financial services industry is also grappling with emerging risks such as cyber attacks, profitability erosion from record low global interest rates and threats to the traditional banking model from new market entrants. Risk, compliance and legal functions in Financial Services businesses are facing the brunt of these challenges and we wanted to find out what their biggest priorities were in terms of navigating the uncertainties of this complex risk landscape.
5	Mr. Guy Falkner (07.03.2020)	Seminar on "Management Education: Coping with the Emerging Trends in the Globalized World"	Globalization has been a dominant theme and framework for action for the business world during the last two decades and more. Management education for its part has been making constant adjustments to the exigencies of globalization, whether it is multinational management, business strategy, marketing, international finance or supply chain management. B-Schools too will have to follow suit, and design

			strategies to sustain their globalized operations and exposure, keeping in view the contextual condition.
