Seminars & Workshops: Industry Academia Innovation Practices 2019-20

S.No	Name of the Speaker	Topic of Seminar/Workshop	Event Description
1	Mr. Nihal Khan, Stock Mind (17.07.2019)	Workshop on “Virtual Share Trading”	This seminar was to give the exposure and understanding of stock market operations to the students. The theme of the seminar covered importance of capital market, equity instruments, career in equity research, trading in equity market. Stock Mind 4, the virtual stock market games, was introduced to students for participation.
2	Mr. Ambar Arondekar- Corporate Trainer (16.10.2019)	Seminar on "Best practices in Strategic Planning”	This seminar focused on teaching students the best “real world” practices in coming up with an effective strategic plan that is fully aligned and integrated with the company’s overall objective of value creation.
3	Dr. Sunita Didi Chandak (10.02.2020)	Seminar on “Social & Emotional Learning (SEL)”	Seminar on Social and Emotional Learning (SEL) is one of the hottest topics in global education today. Evidence shows that SEL can help young people acquire the skills to thrive in the fourth industrial revolution and shape new jobs and career pathways. SEL skills can also help communities and populations grapple with complex change and advance the Sustainable Development Goals.
4	Mr. Prashant Khadode, Manager- HDFC Bank (02.03.2020)	Seminar on "Rethinking risk management for financial services"	Financial Services companies face a tough, constantly evolving regulatory landscape. Adding to the challenges, the financial services industry is also grappling with emerging risks such as cyber attacks, profitability erosion from record low global interest rates and threats to the traditional banking model from new market entrants. Risk, compliance and legal functions in Financial Services businesses are facing the brunt of these challenges and we wanted to find out what their biggest priorities were in terms of navigating the uncertainties of this complex risk landscape.
5	Mr. Guy Falkner (07.03.2020)	Seminar on “Management Education: Coping with the Emerging Trends in the Globalized World”	Globalization has been a dominant theme and framework for action for the business world during the last two decades and more. Management education for its part has been making constant adjustments to the exigencies of globalization, whether it is multinational management, business strategy, marketing, international finance or supply chain management. B-Schools too will have to follow suit, and design

			strategies to sustain their globalized operations and exposure, keeping in view the contextual condition.
